# President's Report 2018

At the end of my first year as STAGBI President I would like to say how privileged I feel to be working alongside a group of individuals with such an abundance of knowledge and experience who are all striving towards the same goal: to promote the Standardbred breed. Whilst we have many healthy debates at Directors' meetings and often put forward differing perspectives, ultimately we are moving in the same positive direction.

Year on year STAGBI continues to give back to breeders in the form of Breeders Premiums and prizes and 2018 was no different. In addition to the regional and Brightwells Breeders Premiums, Breeders Bonuses and Group 1 Bonuses, this year STAGBI also awarded prizes to the breeders of the (British-bred) Sire Stakes division winners. The prize fund is dependent on the number of horses registered in the previous year, with STAGBI adding £3 for each registration into the pot – therefore the more horses that are bred each year, the bigger the prize fund for the following year!

In total, STAGBI gave back over £15,000 in premiums and prizes in 2018 and there are further ideas to be confirmed in the coming months which will increase the financial support STAGBI gives not only to breeders but also to owners of Standardbreds. The existing framework of premiums and prizes for breeders is now very much established and successful and the time has come for STAGBI to consider financial awards for owners who race horses, as ultimately this is the primary purpose for which these horses are bred.

Whilst STAGBI has been able to achieve most of the goals set at last year's AGM, unfortunately we were unable to stage the inaugural final of the existing 'Future Broodmares' series of races. Nevertheless, the races staged in 2018 attracted a large number of mares across the country, with seven different winners of the seven races. Feedback from connections continues to be positive and the Board of Directors continues to feel that the natural evolution of these races is to include a final. It is hoped that this can be achieved in 2019 and will build on the growing success of the existing races.

In 2018 we have two of our directors retiring: Lee Price, who joined the Board three years ago following his time in the office, and who brought a number of ideas forward on how STAGBI could support racing including the Wales & West Mares Pacing Series staged in 2018; and also Maureen Lloyd, who has

been with STAGBI for 20 years and who many members will know from the Wales & Border Counties racing circuit. From a personal perspective, during my time working in the STAGBI office Maureen was a great help to me and I am very grateful that during my early years with STAGBI I could call upon her at any time for support and guidance. This does however mean that I will be taking over the role of standing outside the sale ring at the Brightwells Sale shouting at handlers to hold horses still long enough for a photo! I would like to thank them both for their efforts over the years, as STAGBI wouldn't be where it is now without the input of all of the directors, past and present.

As Brexit looms large, STAGBI faces a lot of uncertainty with regard to the rules and regulations it must obey and uphold. Gwenan Thomas continues to work tirelessly to ensure that STAGBI meets its obligations operationally, for which we are all very grateful. Whilst we are unsure of what the future holds, at present STAGBI is well placed to deal with the forthcoming obstacles and to date has kept members well informed of changes.

As mentioned, STAGBI has numerous awards and prizes to distribute for 2018 and once again we will be joining the BHRC and Trot Britain for a night of celebrations at the Mercure Hotel, Haydock on Friday 30<sup>th</sup> November. This is an opportunity for us to celebrate the achievements of breeders, owners, trainers and drivers of both pacers and trotters from all over the UK, as well as the equine stars of the 2018 season and I am looking forward to seeing a good turnout of award and prize winners on the night.

Finally, when I took up the reins as President I asked myself what I wanted my legacy to be after my two years in the role were over. I feel very passionately about the lives of Standardbreds AFTER they have finished racing and whilst I accept that harness racing is the primary purpose for which they are bred, I believe we could do more to enhance their prospects of second careers. This is an issue which has been discussed internationally and I am pleased that the board as a collective is seeking to achieve the same goal.

All that remains is for me to wish all the members and directors a very Merry Christmas and a Happy New Year!

Sarah Thomas  
STAGBI President 2018/2019

# NEWS & NOTICES

## ❖ CHANGES TO DEFRA'S POLICY

DEFRA has introduced a number of changes to their Equine ID Policy that will affect STAGBI as a Passport Issuing Organisation and you as a horse owner. If you fail to comply with the equine ID regulations, your local authority may serve a non-compliance notice which will give you a set period to comply or depending on the severity of the offence, you may receive a fixed monetary penalty. Offences include

1. Failing to produce a passport when requested by a vet or inspector
2. Possessing a passport but no horse
3. Possessing a horse when the passport is not in your name without an agreement (preferably a written contract) between the owner and the 'keeper' (person responsible)
4. Selling a horse and not handing over the passport
5. Transporting a horse without a passport
6. Owning a horse without a microchip

## ❖ COMPULSORY MICROCHIPPING

As of **July 2018 DEFRA have stated that ALL HORSES MUST BE MICROCHIPPED.** STAGBI has been microchipping horses for 20 years, however it only became compulsory by DEFRA regulation in 2009.

Your horse's microchip number should be recorded in its passport. Please check that all your horses have a microchip and that the microchip is recorded in the Passport.

In order to assist you, the enclosed list will indicate to you if your horse has a microchip and if the microchip is recorded with STAGBI. There will be some older STAGBI horses that will not have been microchipped, if that is one of your horses then please contact STAGBI office for a microchip pack. If your horse has been microchipped and the microchip number has not been added to the passport, then please contact STAGBI office.

## ❖ CENTRAL EQUINE DATABASE

The Central Equine Database (CED) is now up and running and is delivered by Equine Register. It is now possible to check microchip numbers on one central site, just go to **[www.equineregister.co.uk](http://www.equineregister.co.uk)**. You will find the national equine microchip checker on the homepage.

## ❖ STAGBI 2018 CENSUS

You will have received the STAGBI 2018 Census with this newsletter. New owners are required to inform the Passport Issuing Organisation (in this instance,

STAGBI) of a new owner details within 30 days of purchase of a horse. Unfortunately, there are some that have forgotten or chosen not to do this and therefore the horse remains in your name. All owner details are now uploaded to the Central Equine Database via the Equine Register. If these details are incorrect you may be held responsible for the welfare of a horse you no longer own. Please safeguard yourself and make sure we have the correct details.

**PLEASE REMEMBER TO COMPLETE THE ENCLOSED FORM AND SEND IT BACK TO STAGBI.**

## ❖ BUYING A HORSE FROM IRELAND

In January 2016 the IHRA took the decision to become independent of STAGBI and asked that Standardbreds in Ireland were exported to the IHRA database and Stud book.

**Please be reminded that if you are purchasing a horse from Ireland the horse may be required to be registered or re-registered with STAGBI.**

**If the horse has an IHRA passport or a STAGBI passport that has been over-stamped by the IHRA, then the horse will be required to be exported from IHRA (£50 payable to IHRA) and registered with STAGBI (registration fee £50).**

You will require a registration pack from STAGBI (full information in the August 2017 STAGBI Newsletter). The process of receiving an export certificate from the IHRA is currently taking 3 to 4 weeks, so please don't leave it to the last minute. If you are uncertain of what is required then please contact STAGBI office for assistance.

## ❖ PART BRED REGISTRATION

At a recent STAGBI Directors meeting, the decision was taken to phase out the 'breeding-up' of Part Bred Registrations. From 1<sup>st</sup> January 2018, and new Part Bred registrations will be registered in the STAGBI Part Bred Register, however the horse will not be permitted to enter the 'breeding-up' programme. Any offspring out of Part Bred Standardbreds currently included in STAGBI's Part Bred Register and are more than 50% Registered Standardbred, will be reviewed on an individual basis.

and remember to include your name!

# NEWS & NOTICES

## ❖ NORTH AMERICAN MICROCHIPS

The USTA Registration Committee and Standardbred Canada now require that horses to be microchipped, starting with foals born in 2019. As with European practice the microchip will be implanted in the horse's nuchal ligament, which is high on the neck between the poll and the withers. Microchips will replace freeze brands and lip tattoos as means of Standardbred identification. All racehorses in USA & Canada will be required to have a microchip implanted by 2021.

So in future, if you are importing a horse from USA or Canada, please remember that for the transitional period the horse may or may not have a microchip. If has a microchip it does not require another microchip. Your Vet should scan the horse's neck to

confirm that a microchip is found and that it matches the microchip number recorded on the registration and health documents that have come with the horse. This microchip number will be recorded in the new Passport issued by STAGBI.

## ❖ GDPR

The new General Data Protection Regulation (GDPR) is an EU regulation on data protection and privacy for all individuals in the EU and the EEA. A copy of STAGBI's updated Privacy Policy was published in the last newsletter (Issue 72 May – Aug 2018), reprinted in this issue and can be viewed on STAGBI's website.

## NEW STAGBI YOUNG PERSON'S AWARD

*And please remember to return the survey .....*

# IT'S BEEN INTERESTING ....

After twenty years or more with STAGBI it is time for me to leave the board of directors, as they say 'time marches on' but I feel confident that the current directors will continue with the ideals which led to its foundation.

My first connection with STAGBI was via many phone calls from Elisabeth Blazak whose drive and determination was responsible for initially setting up a Standardbred breed society for this country. This was not the first time it had been tried. The first Standardbreds were imported into this country for racing at Alexandra Park in London in the 1880s. The first studbook of any kind was published in 1889, but only included horses at Alexandra Park. After a few years, breeding records seem to have lost their importance. In the 1920s, possibly as a result of the large importations of American horses after WW1, a studbook was revived, this time mainly based around Manchester horses. Again with the 1930s the initiative was lost, until in the 1960s with the opening of Prestatyn track and another major importation of horses Mrs Mavis Smart and friends began what eventually became the BHRC Stud Book. However as good as these records were, they only recorded some of the Standardbred horses in the country. Any horses which didn't race with the recorded tracks were not included, therefore many horses were not recorded, so Elisabeth's proposal for a breed society to include all Standardbreds in this country was revolutionary. It involved a vast amount of work to coordinate records from different sources to try to build the beginnings of the British Standardbred Studbook. I was a small cog in this 'countrywide wheel', but along with my fellow original directors, I am proud of the fact that Britain at last, does have a breed society to represent all Standardbred and Trotting horses.

In the last twenty years the horse regulation world has moved on. The introduction of passports, microchips, DNA parental verification, digital studbook, has produced a level of breeding integrity only dreamed of by the 'trotting men' of the past. The Standardbred is a horse, which although primarily bred for racing also has uses in many other fields. With the intensity of modern racing, horses spend less than half of their lives in racing. They often require useful careers after retiring from the track, or if unsuitable for racing, they can still reach the top in other equine disciplines. We should never forget that a breed society is for all, STAGBI therefore represents all Standardbreds whoever owns them, whatever they do, and has a responsibility to both the present and the future Standardbred and Trotting horses in Britain.

Whether the next twenty years will bring so many changes is uncertain, it has been a very interesting, enjoyable and sometimes challenging time for me. I am proud to be associated with its setup, and I do feel that STAGBI provides the basic stability for the Standardbred and Trotting horse in this country and long may it continue to do so.

**Maureen Lloyd (STAGBI Director 1999- 2018)**

STAGBI would like to take this opportunity to thank Maureen Lloyd for all her hard work with STAGBI over the past 20 years. Maureen was there from the start and has seen a lot of changes and development. It has been a pleasure to work alongside her and her enthusiasm, commitment and passion for the work of STAGBI is greatly appreciated.

On behalf of all the members of STAGBI, thank you Maureen and very best wishes for the future.

# BRIGHTWELLS SALE 2018

The 29<sup>th</sup> Official Sale of Standardbred Horses at Built Wells undoubtedly produced one of the strongest catalogues the sale has seen. However, with the number of high quality animals on offer there was always going to be some bargains and some vendors who may have been disappointed. If such quality of yearlings is to be a future feature then there perhaps consideration should be given to opening the sale with a Diamond Session.

Of the 103 horses entered, 9 were not forward and 24 not sold. The total value of the 70 horses was £248,720. The sale opened with the broodmares but as is typical the sale was weak and attracted little attention. A similar scenario was observed in the sale of several racehorses and young stock which disappointingly appeared to struggle to each their reserves.

The main attraction, as always were the yearlings and once again there were a high numbers of yearlings produced and presented to a high standard. Vendors should be congratulated for the presentation of their stock. Gareth Price's MATTEUCEOUS (Lot 78), courtesy of Another Mattie was always going to attract attention, and indeed secured sufficient attention to be crowned the sale topper when purchased by Raymond Huschka for £25,000. Another strong contender was GREENHILL BAD BOY (Lot 67) out of a 1.50 Bettors Delight mare and with his full brother having won \$260,000 and a record of 1.50 he would appear to be a steal at £22,000. The top filly OAKWOOD LETSBOOGIE,

imported in utero and although out of an unraced Bettors Delight mare, she boasts an extremely strong bottom line. Rhyds Shadow flew the flag for the Rhyds Stud, boasting the successful cross of Hasty Hall on an Abercrombie line dam was more than reasonable at £15,000. With the increase in the numbers of yearlings entered and the very high quality of yearlings, it is no

real surprise that the averages did not match those of 2017. There was something for everyone at the sale, everyone likes a bargain and there were a couple of yearlings that stood out as absolute bargains. Good luck to all the buyers and we look forward to seeing them on the track.

## BRIGHTWELLS CHALLENGE BONUS 2018

This year saw the inaugural £1000 Brightwells Challenge Bonus awarded to both the seller and buyer of the most successful 2 or 3 year purchased at the 2016 or 2017 Sale. Sixty three juveniles were eligible and points were awarded in any race they ran in (ie not restricted to 2 or 3 year old horses). There were 18 different winners and they managed to win 34 races between them. These wins included the Little Welsh Dragon GP1, BHRC 3yo Sire Stakes, BHRC Derby GP1 & NWHOA 3yo Championship GP2 for MATTICULOUS; BHRC 2yo Futurity GP1, NWHOA 2yo Fillies Championship GP2 & VDM Fillies for OAKWOOD STARCAM (IRE); BHRC 2yo Futurity GP1, Breeders Crown 2yo GP1; Junior Welsh Dragon G1 & BHRC 2yo Sire Stakes for OAKWOODINITTOWINIT (IRE). But whilst the 2yo filly OAKWOOD STARCAM won 4 out of 4 and MATTICULOUS won 5 of his 6 starts, it was the Hasty Hall filly RHYDS SAPPHIRE with 65 points came to the top of the table.

RHYDS SAPPHIRE a 3 year old filly was purchased at the 2016 sale for £14,000 – from 11 starts, she had 4 wins which included 2 early season wins at Tregaron (maiden) and Appleby (maiden/novice). Having found her racing legs she then switched to the 3yo stakes races where she met with stiffer competition and was 2<sup>nd</sup> in the NWHOA 3 yo fillies, BHRC 3yo Sire Stakes and 3yo Little Welsh Draogness. As the season drew

to a close, she produced a heat and final win at Haughfield.

Bred by Grethe Wright, Sapphire was never going to be expensive at £14,000 out of CPR, boasting the classic Hasty Hall x Abercrombie line mare, she is a sister to a string of champions including Rhyds Destiny, Desire, Topaz, Night Nurse etc etc. Winning £7,598 she may not have recouped her purchase price but Richard Thomas and family will can be proud of her, they have had a fun season and there is surely more to come.

Congratulations to Mrs Grethe Wright and Richard Thomas on winning the Brightwells Challenge Bonus 2018

## STAGBI FUTURE BROODMARES RACE

Ahead of the 2018 Season it was STAGBI's intention to build on the STAGBI Future Broodmares Race and stage a STAGBI Future Broodmares Final. Unfortunately due to organisational issues STAGBI were unable to stage an all inclusive final and had to revert to the straight races.

The races were once again very competitive and we were treated to some awesome battles. The good news for 2019 is that there will be a STAGBI FUTURE BROODMARES FINAL, the organisational issue has been overcome and it is hoped that all these mares (and more) will be back on the track next season. Dates of races to be confirmed and will be published in the new year.

STAGBI can confirm that the final will be staged at York

on Saturday 12<sup>th</sup> October – estimated purse for the STAGBI Future Broodmares Final will be £3400. Mares will gain points in the regional races and the top 10 mares will be invited to the inaugural 2019 STAGBI Future Broodmares Final.

All of these awards were presented at the annual STAGBI / BHRC Awards at the Mercure Hotel Haydock last week. The evening was hosted by Darren Owen and Sarah Thomas and celebrated the success of the Standardbred and Harness Racing industry in the UK. It was nice to see so many breeders in attendance to receive their awards.

For the first time the evening recognised the achievements of some very young talented drivers who have participated in Kids Races throughout the country. We saw some fabulous ponies and congratulations to all these children for taking up the reins and enjoying themselves. There will have been some nervous and exhausted parents (at the races not the dinner) but the enthusiasm of the children throughout the season was fantastic. We need to nurture their talent and enthusiasm, for they are the future. Congratulations to all the winners

## NEW REGISTRATIONS Aug 18 – Dec 18

Please note that when new registrations are received the passport is issued SUBJECT TO PARENTAL VERIFICATION (see notes page within equine passport). Should there be a subsequent issue with the DNA result or the Parental Verification has not been confirmed, then STAGBI will recall the passport

and suspend the registration until such time as the matter has been resolved.

In the case of Late Registrations (Registrations received after the year of birth), passports will not be issued until such time as Parental Verification by DNA has been confirmed. Please be aware that this can take up to 6 to 8 weeks.
