### 2020 BREEDING SEASON

The 2020 Breeding Season is upon us and so is **STAGBI STALLION DIRECTORY 200** which includes updates on current stallions and details of new stallions licensed in 2019.

For your in-foal mares, you should by now have received your mating certificate from the stallion owner. Please note that there are **3 sections to the mating certificate**. The first section is retained by the stallion owner, the other two sections are handed to the owner of the mare. The smaller section should be **returned to STAGBI within 30 days of the birth of the foal**. The larger section should be returned to STAGBI when you are submitting the application for registration.

PLEASE KEEP THE MATING CERTIFICATE SAFE – failure to provide it at the time of registration will result in a delay in processing your application, increased admin work and more expense.

**Applications to register 2020 foals should be received in the STAGBI office by 31<sup>st</sup> October (NB registration fees overleaf)**

### ANNUAL MEMBERSHIP

**ALL ANNUAL MEMBERSHIPS are due on the 1<sup>st</sup> April 2020.**

Gold memberships are for 5 years, please check with office if you are unsure of renewal date.

Annual Membership £10 or Gold Membership £40 for 5 years. Please contact STAGBI office to renew your membership and remember you need to be a STAGBI member when making any transaction with STAGBI, to receive the newsletter and any of the Annual Awards & Premiums.

### STAGBI BONUSES and AWARDS

The STAGBI Bonuses listed in the last Newsletter have now been paid by BACS. If you have not received your Bonus please contact STAGBI.

Unfortunately there will not be an Awards Event for 2019 Season, but it is hoped that STAGBI and BHRC can once again have a combined evening to celebrate the successes of 2020 season at the end of November 2020.

- YOU are responsible for ensuring ALL your horses now have a microchip
- As a new owner YOU are required to notify the PIO of a change of ownership within 30 days of purchasing the horse.
- If you have imported a horse into the country YOU are required to register the horse within 30 days of import (this includes horses that have an existing passport that are imported from EU countries).
- YOU are responsible of reporting the death of a horse within 30 days and the passport returned to STAGBI within 30 days.

# WELCOME TO 2020!

For the next two years I have the pleasure of being elected as STAGBI President. I remain surrounded by a fantastic and experienced team of directors and supported in my role as President by Sue Young, elected President Elect for the next two years.

Firstly, I would like to thank Sarah Thomas for all her hard work as past President. I feel confident that during the next two years STAGBI as a society will be able to continue the work Sarah began to promote Standardbred horses as a breed to be recognised as the versatile “must have”, as oppose to the poor man’s alternative.

It is my wish to during the next two years to advocate and raise the profile of Standardbreds, to highlight this breed as a real contender for all equine disciplines. Giving the breed life after racing, or even instead of racing will help to sanction the longevity of Standardbreds as a breed and give the horses real value for life during, and after, life on the track.

To kick off this initiative STAGBI have discussed the formation of a “Sales / Wanted” section on the website. We are also really keen to hear about achievements and see photographs of your Standardbreds “living life after racing”. I am hopeful over the next couple of years that STAGBI may be able to not only continue to sponsor the breeding and racing of this wonderful breed, but also be able to support other organisations such as endurance riders, show-jumpers, hunters and eventers to bring the Standardbred breed to the forefront of equestrianism.

I feel that we are in for a very interesting and exciting couple of years and I look forward to writing again in the future with news and updates of how STAGBI, racing, breeding and the promotion is all progressing.

John Towe  
STAGBI President

# NEWS & NOTICES

## ❖ CHANGES TO DEFRA'S POLICY

DEFRA has introduced a number of changes to Equine ID Policy that will affect STAGBI as a Passport Issuing Organisation and you as a horse owner. If you fail to comply with the equine ID regulations, your local authority may serve a non-compliance notice which will give you a set period to comply or depending on the severity of the offence, you may receive a fixed monetary penalty. Offences include

1. Failing to produce a passport when requested by a vet or inspector
2. Possessing a passport but no horse
3. Possessing a horse when the passport is not in your name without an agreement (preferably a written contract) between the owner and the 'keeper' (person responsible)
4. Selling a horse and not handing over the passport
5. Transporting a horse without a passport
6. Owning a horse without a microchip

## ❖ COMPULSORY MICROCHIPPING NOW!

As of **July 2018 DEFRA have stated that ALL HORSES MUST BE MICROCHIPPED by 31st OCTOBER 2020.**

STAGBI has been microchipping horses for 20 years, however it only became compulsory by DEFRA regulation in 2009.

Your horse's microchip number should be recorded in its passport. Please check that **ALL** your horses have a microchip and that the microchip is recorded in the Passport.

There will be some older STAGBI horses that will not have been microchipped, if that is one of your horses then please contact STAGBI office for a microchip pack. If your horse has been microchipped and the microchip number has not been added to the passport, then please contact STAGBI office.

## ❖ NORTH AMERICAN MICROCHIPS

As of 2019, all foals in America and Canada will have a microchip implanted. PLEASE remember this if you are registering a yearling imported from North American. The Microchip Number will be recorded on the North American Health Documents that you are given when you collect your horse from the airport. You will find the microchip number just below the silhouette diagram of the horse's markings.

Make sure your Vet knows that there may be a microchip already implanted in the horse.

It also appears that **SOME BUT NO ALL** older horses and broodmares, have had a microchip implanted

before they left North America. So PLEASE, make sure your Vet is aware of this and as always, checks for an existing microchip BEFORE he implants another!

## ❖ NEW FEES for 2020

At the 2019 AGM, Directors reviewed various STAGBI fees. There are some increases, however these increases have been applied when applications are late or retrospective. If you do things on time, within the permitted time period – then you will avoid these increased fees. Updated fees are listed on page 2 of this newsletter.

## ❖ STANDARDBRED SALES

Brightwells have brought their Sale day back from the usual Monday, to the Sunday. Sale will now be on Sunday 18<sup>th</sup> October at 2.30pm.

York have confirmed their Sales date as Saturday 10<sup>th</sup> October.

## ❖ BREXIT

As this newsletter goes to print and the United Kingdom is set to leave the European Union (EU) on 31 January 2020, with a transition period – during which the status quo will operate in terms of our key requirements – running through to 31 December 2020.

In the short term, the UK will officially leave the EU at 11pm GMT on 31 January, upon which it will enter a transition period to 31 December 2020. In immediate practical terms for the equine industry, the conditions currently insitu will remain the same until 31 Dec 2020

In the longer-term, beyond 31 December 2020, the UK Government has stated its ambition to negotiate a comprehensive Free Trade Agreement with the European Union, underpinned by high standards of animal welfare.

Regardless of whether the UK was leaving the EU, in April 2021 the new EU Animal Health Law is scheduled to take effect. It will govern the rules for movement of horses within, imports into and exports from the EU (both temporary and permanent).

The new EU Animal Health Law will therefore determine the future travel requirements of horses between UK and Europe.

## Important Notice for Breeders

In the last Newsletter, STAGBI reported on proposals and recommendations from the World Trotting Conference held in Sweden in May 2019. STAGBI Directors have now met to discuss these proposals and as a result there will key changes to Breeding Rules.

### ❖ LIMIT TO NUMBER OF MATING CERTIFICATES

STAGBI has considered the recommendation to limit the number of Mating Certificates issued per stallion per season. As of January 2020, **the number of mating certificates issued for each stallion will be limited to 50 per year.** Please be reminded that it is not possible to register a foal without a valid mating certificate. This number will be reviewed annually, taking into consideration of the total of mating certificates issued in the previous 3 years.

### ❖ USE of FROZEN SEMEN

STAGBI has considered the recommendation regarding the use of frozen semen from a deceased stallion. As of January 2020, any frozen semen currently stored from a STAGBI registered, STAGBI licenced Stallion may be used after the stallion is deceased or gelded. However, the use of frozen semen after the stallion is deceased or gelded will be limited to 20 mares per year.

In January 2020 STAGBI will write to all stallion owners (who have previously notified STAGBI of frozen semen they have stored for their stallion), for notification of the amount (number of straws) of frozen semen stored along with the date of freezing. If this information is not received then the use of frozen

semen after the stallion is deceased shall not be permitted.

Notification of any semen frozen after January 2020, from a STAGBI Registered and STAGBI licenced Stallion should be sent to STAGBI (along with required health documents). Semen frozen after January 2020 may be used for up to 5 years after the death of the stallion or after he is gelded) and limited to 20 mares per year.

STAGBI will not permit the use of frozen semen from a deceased or gelded stallion that was not STAGBI registered or a STAGBI licenced Stallion. Any foal born as a result of using such semen will not be registered.

STAGBI will not permit the use of imported frozen semen from a deceased or gelded stallion. Any foal born as a result of using such semen will not be registered.

### ❖ FROZEN EMBRYO / FROZEN OVUM / SEX SORTING TECHNIQUES

STAGBI has considered the recommendation regarding frozen embryo (ovum) transfer or sex sorting techniques. As of January 2020, STAGBI will not permit the registration of a foal born as a result of the transfer of frozen embryo or frozen ovum or sex sorting techniques.

### GENE MANIPULATION

STAGBI has considered th recommendation regarding Gene Manipulation. As of January 2020, STAGBI will not permit the registration of a foal born out of a mare or by a stallion who has been subjected to gene manipulation.
